# derma PF

## A highly valued surgical glove

The sempermed® derma PF offers good reasons to switch to powder-free gloves.

**Easy to don**

**Secure grip**

**Economically-sound solution**

**Skin-friendly**

### Easy to don

The glove is easy to put on thanks to the synthetic lining.

### Secure grip

Sempermed® derma PF offers a confident grip and thus combines safety and tactile properties.

### Economically-sound solution

Allergies and other health risks pose risks to end-users and strain healthcare systems. This powder-free glove eliminates powder-related health issues, reducing long-term costs.

### Skin-friendly

This powder-free glove provides improved safety for staff, patients and visitors as there are no powder-related dermatological, allergic and toxic health risks.
